

BITTER FEELING CONTINUES AGAINST KAISER

Rioting in Buenos Aires; German Newspapers Victim

GUARD LUXBURG Berlin Representative Does Not Deny Use of Swedish Channel

BUENOS AIRES, Sept. 13.—Thousands of persons congregated tonight along the Avenida Mayo and Florida in an attempt to organize another anti-German demonstration and demand a rupture of relations with Germany. Acting under the orders of President Irigoyen, however, squads of mounted police were sent out to maintain order. They frequently charged crowds that endeavored to assemble, using their sabres freely. Many citizens were injured and a number of policemen also received wounds.

MONTEVIDEO, Sept. 13.—A great anti-German demonstration was held here today and Argentine was cheered for the expulsion of the German minister, Count von Luxburg. There were numerous clashes between the mobs and the police. Strong guards have been placed around the German legation and consulate, as well as the German business houses, in order to prevent destruction similar to that at Buenos Aires.

STOCKHOLM, Sept. 13.—Mrs. Nilsen Morris, the American minister to Sweden, has called to the Swedish minister at Washington the capital of the conference he had with Admiral Lindman, the Swedish minister of foreign affairs. Mr. Morris says he expects further directions from Washington.

AMSTERDAM, Sept. 13.—A Berlin dispatch says that the Argentine naval attaché at Berlin, Captain Celery, has been recalled by his government. It is believed that his recall is connected with the Swedish affair.

BUENOS AIRES, Sept. 13.—The Swedish colony here after a long discussion of the Washington episode of the Luxburg affair, which involved the Swedish legation, has given out the following: "We protest against the person or persons whose unusual procedure has created the uncomfortable and difficult situation in which the Swedish colony finds itself, and we express the most complete disapproval of these measures on the part of Sweden, which violate the most sacred rules of neutrality."

MAY EJECT LOWEN BUENOS AIRES, Sept. 13.—The rioting which began here late yesterday in an anti-German demonstration continued throughout the night. In the downtown district was wrecked, the German club and several other buildings were damaged seriously by fire. The police wounded several rioters seriously when they fired into these buildings. Three of the injured are expected to die.

Protect Luxburg BUENOS AIRES, Sept. 13.—Count von Luxburg, the German minister whose passports were sent to the German legation in Berlin because his objectionable messages to Berlin through the Swedish foreign office had rendered him persona non grata, dodged threatening crowds which were waiting for his arrival at Buenos Aires. Count von Luxburg was escorted by the police to the train at San Martín, twelve miles outside, when news of the crowds that had gathered at the Buenos Aires railway terminal reached them.

SWEDEN TOOL FOR KAISER IN MEXICO, U. S. ANNOUNCES

Diplomat Ran Errands for German Agent; Should Be Rewarded, Von Eckhardt Wrote in 1916

WASHINGTON, Sept. 13.—Another chapter to the story of German intrigue in neutral countries and among neutral diplomats, was revealed today by Secretary Lansing in the form of a letter to the imperial chancellor from the notorious Von Eckhardt, the German minister at Mexico City, to whom the intercepted Zimmermann note was addressed. It discloses that Folke Cronholm, then Swedish charge in Mexico, was depended upon by the German diplomat to furnish information from the hostile camp and to transmit communications to Berlin, and that Von Eckhardt wanted him rewarded by a secret award from the crown of the "Order of the Crown of the second class."

Baron Alsterlund, Swedish chargé here, said tonight in response to a query that Cronholm was dismissed from the diplomatic service last January. He would not discuss the case, but there was no intimation that it was in any way connected with Cronholm's relations with the German minister. Baron Alsterlund called at the state department during the day to inform Secretary Lansing that he had received from his government the statement already given to the public at Stockholm explaining that Sweden had forwarded dispatches from Mexico to Berlin through the German minister.

Day in War Area The situation in France and Belgium continues comparatively quiet with reciprocal bombardments on various sectors. In the Austro-Italian theater, the Austrians in another assault on Monte San Gabriele have been rewarded with slight gains. Their efforts to press these advances failed completely. The Austrian official communication Wednesday characterizes the Italian offensive on the Isonzo as a failure and asserts that the Italian losses have reached almost a quarter million men, among them 20,000 prisoners.

EXILES RETURN TO BISBEE; THROWN IN JAIL

Score Ejected From Train at Hachita on State Line

MORE ON WAY Governor Approves of Course of Local Authorities

BISBEE, Ariz., Sept. 13.—More than fifteen men from the camp at Columbus, N. M., who the men deported from Bisbee have been staying since July 13, were put off a westbound train at Hachita, N. M., late today, according to advice received here. Regular soldiers stationed at Hachita were said to have assisted the train crew in putting off the men, who were on their way back to Bisbee.

Further advice indicates that twenty-five hikers were also turned off at Hachita today by men who boarded the westbound limited train. Some of the hikers were said to be regular soldiers and some were said to be deserters. The train arrived in Bisbee about 9:30 o'clock in the morning.

Campbell Approves PHOENIX, Ariz., Sept. 13.—That alleged members of the I. W. O. who were deported from Columbus, N. M., for the last two months at Columbus, N. M., have no chance whatever of returning to Bisbee to make their homes or even for a temporary stay, was made plain here today in a statement by Governor Thomas E. Campbell, when he was informed that four men returned from Columbus had been arrested upon their arrival at Douglas.

British Officials Find Personal Appeals Slow Work NEW YORK, Sept. 13.—Passage by Congress of the alien draft bill will be welcomed by the British government, according to a statement issued here tonight by the British recruiting mission, because it "removes the restriction on the number of recruits that may be sent to the United States."

AMMUNITION RELEASED LITTLE ROCK, Texas, Sept. 13.—Nine hundred thousand rounds of ammunition released here by American officials a year ago because of an embargo, were turned over to General Pablo Gonzalez last night, and immediately sent to Mexico City. Additional ammunition is still held, but is expected to be released later.

ARREST SUFFRAGISTS WASHINGTON, Sept. 13.—Six banner bearers of the Woman's Party were arrested today in front of the White House. They later were admitted to jail for trial tomorrow. Before the arrival of the police, a sailor took down a banner carried by one of the women.

TRUCULENT DRAFT DEFYERS ARRESTED Trial of Daniel O'Connell Began in Federal Court SAN FRANCISCO, Sept. 13.—Two defendants in the trial of Daniel O'Connell, attorney and five other men, charged with conspiring to obstruct enforcement of the selective draft law, were arrested late today on similar charges. They are John L. Latta and Carl J. V. Wichter and E. H. Hoffman.

DESTITUTION IN AUSTRIA-HUNGARY REPORTED ACUTE

GENEVA, Sept. 13.—The Free Zeilung of Bern publishes an article from a high Austrian official, who recently traveled through several sections of this country, in which the writer states that Austria-Hungary cannot hold out the coming winter owing to economic reasons, as both soldiers and civilians will be starved. He gives several reasons, notably the almost complete destruction of the crop in the richest regions of Hungary by the cold and the heavy rain, while 300,000 tons of Rumanian cereals could not be transported owing to lack of rolling stock, which, first of all, is utilized for military purposes.

CALL CONFERENCE OF LABOR LEADERS TO AVERT STRIKES

WASHINGTON, Sept. 13.—The Council of National Defense has determined to call a conference of labor leaders to consider a general agreement with employers for compulsory arbitration of labor disputes directly concerning war production, prevention of strikes and lockouts, and maintenance of peace of mind and order in the nation.

KORNILOFF FORCES DWINDLE; ALEXIEFF SUPPORTS KERENSKY

Government Demands Unconditional Surrender of Revolting General—Battle Front for Administration

LONDON, Sept. 13.—General Korniloff and General Lukomsky have indicated that they are ready to appear before the revolutionary tribunal, says Reuters' Petrograd correspondent, telegraphing Thursday and quoting the Izvestia, the organ of the workers' and soldiers' delegates, as his authority.

PETROGRAD, Sept. 13.—General Korniloff has communicated to the government his intention to surrender on the arrival of General Alexieff, commander-in-chief of the Russian army, at Mohilev, at which place he is due this evening.

PETROGRAD, Sept. 13.—Admiral D. N. Vordervick, former commander-in-chief of the Baltic fleet, has been appointed minister of marine.

PETROGRAD, Sept. 13.—Generals Ruzsky and Dragomiroff have been appointed, respectively, commanders of the command in the northern and southwestern fronts.

General Korniloff's rebellion against Premier Kerensky apparently has been quelled. Official reports from Petrograd say Korniloff's headquarters have surrendered and that Korniloff himself is in the hands of the authorities. The government, however, is demanding his unconditional capitulation. Meanwhile his troops continue to desert and return to the government fold, and the army is being retrained by the Petrograd government. Korniloff has been confirmed by the cabinet as commander in chief of the army and will have as chief of staff General Alexieff, former commander in chief of the Petrograd district.

FRESNANS INJURED IN MERCED WRECK

Mrs. J. M. Wortman and Daughter Jessie Cut and Bruised

(Special to The Republican.) MERCED, Sept. 13.—Five automobiles were wrecked in two collisions on the state highway, near Merced, this evening, in one of which Mrs. J. M. Wortman and her daughter, Jessie, were injured. Mrs. Wortman, with her wife and seven children, were returning to Fresno from Sacramento, when a collision with the car driven northward by C. B. DeBarry of Santa Monica, occurred in a second collision. Mrs. Wortman's right arm and an injury across the child's chest were sustained. Mrs. Wortman states that DeBarry's car swerved across the highway and struck her machine in the side. DeBarry was arrested and charged with manslaughter. A charge of driving while intoxicated, which accident occurred about two miles south of town.

KANSAS CITY STRIKE ENDED BY MEDIATOR

TWO THOUSAND MILES IN AN OPEN BOAT

VANCOUVER, B. C., Sept. 13.—After a perilous voyage of two thousand miles in an open lifeboat tossed about at the mercy of wind and sea, Captain Hans Alko Blom, master of the Japanese steamship Kotchira Maru, last July 27 on a reef off Amchitka island of the Aleutians, and sixteen members of the crew arrived in Ikeda bay, Queen Charlotte Islands, British Columbia, yesterday.

TO MAKE FIGHT TO KEEP LOS ANGELES Liquor Headquarters, Moved From San Francisco to South LOS ANGELES, Sept. 13.—The United Industries, an association whose membership includes brewers, vintners and others interested in the liquor business, will move its headquarters here immediately, according to an announcement tonight. The move was said to be due to the imminence of a fight to eliminate saloons from Los Angeles. A new ordinance for that purpose was recently completed and an initiative campaign for its enactment has been announced to start immediately. The headquarters of the industries have been in San Francisco.

Kingsburg Woman Wants to Serve at Front With Army

Admiration mingled with astonishment and pleasure were the emotions that thrilled the hearts of the recruiting officers at the army offices on 1 street yesterday. The cause of this happy feeling arose from the receipt of a letter at the office, which proved that the hearts of the women of the valley responsive to the call of patriotism. The letter is from a woman in Kingsburg offering her services to her country, and speaks for itself:

To the Recruiting Officer, Fresno.
Dear Sir: Can you give me any information as to whether there are any openings for women in the army? Would like to know whether there is any chance at all for service at the front in any capacity. Any information you may be able to give me will be deeply appreciated.

USE OF RAISINS ON DINING CARS NOW IN BALANCE

Car Superintendents Said to Favor Cutting Out of Bread Luxury

Protest Sent to Men in Control of Situation Now at Chicago

Whether or not that portion of the traveling public forced to appease appetite with a hungry in the dining cars of the land are to be denied their daily ration bread is a burning question today confronting a gathering of Pullman autocrats assembled in Chicago.

Yesterday it became known that there was a probability of a movement on foot to cut out the raisin bread delicacy from the menus of the dining cars on all rail lines in the United States, a report received by the association with the meeting of the Association of Dining Car Superintendents, opened in the Windy City.

On receipt of this rumor in this city, men of the California Associated Raisin Company and the representatives of the Overland line got into action and the wires were brought into requisition.

One of the first of the railway agents to get busy was S. F. Hilton of the Union Pacific system.

In harmony with the wishes of the Associated Raisin people, Mr. Hilton, to help in the safeguarding of the interests of the raisin growers of this section, sent the following message to General Agent S. F. Booth at San Francisco:

"S. F. BOOTH,
"San Francisco, Cal.
"Association of Dining Car Superintendents held meeting at Berkeley House, Chicago, Wednesday, on conservation of food. Rumored that they are to cut out raisin bread. California Raisin Association requests we strongly oppose that measure and everything in our power to have raisin bread served in future on our dining cars. Hoover has endorsed the raisin bread."

In reply to the Hilton appeal, Mr. Booth forwarded the following wire:

"S. F. HILTON,
"Union Pacific System,
"Fresno, Cal.
"Your telegram received. Have reported same to Mr. Winchell and Mr. Powell, Chicago, also Mr. Lane and Mr. Basinger, Omaha, strongly protesting. Have asked them to advise on action taken."

Fate in Balance
So the fate of the raisin, as touching the daily treat of the patrons of the dining cars of the nation hangs in the balance.

It is reported that the probable action on part of the dining car superintendents is based upon the thought that the use of the raisin had been included in the ban pronounced by Food Administrator Hoover, and that to dispense with the luxury of the raisin was but an evidence of greater loyalty.

On the contrary, Mr. Hoover urges the use of the raisin in the giving of the daily treat to the food that otherwise might be classed as plain.

Next Monday the master bakers of the United States are to meet in Chicago for the purpose of discussing the high cost of the manufacture of the loaf of life and kindred products, and to meet the men, Holgate Thomas, advertising manager of the California Associated Raisin Company, hurried on East yesterday.

Mr. Thomas is commissioned to lay before the assembled bakers the facts touching the California raisin bread luxury. The adoption of the raisin bread had with the bakers throughout the land would result in a considerable increase in the demand for the California raisin bread, and again something of the value of co-operation in the growing and marketing of the local raisin.

GROWERS EXCHANGE MAKES BUSINESS RECORD

Past Year Most Successful in History of Organization

The most successful year in the history of the California Fruit Growers' Exchange is revealed in the annual report of these fruits and thus make way which was presented to the board of directors Wednesday. The growers' organization shipped its largest volume of fruit, handled its largest percentage of the total crop, returned its growers the largest amount of money for fruit shipped; conducted the business of its members at the lowest cost on record; and without the loss of a single cent from its accounts during the year.

Based on the exchange's business the total California crop of citrus fruits for the year ending August 31st, amounted to 53,530 carloads, returning \$17,676,000 to California and leaving a delivered value in the markets of \$27,857,000. The volume of business handled through the exchange increased 26 per cent over the largest previous season, amounting to 35,218 carloads and returning \$33,611,000 to exchange shippers. California set a new record in supplying 71 per cent of all lemons consumed in the United States and Canada.

The report points with pride to the record of no losses through uncollected debts on so large a volume of business, and adds that during the last fourteen years the net gain through the exchange has amounted to approximately \$225,100,000 on which the losses due to bad debts and the transmission of funds have been less than \$3,500, or about one-third of 1 per cent of one per cent.

During the season just closed, exchange members forwarded 15,192,000 boxes of citrus fruit, or 63 per cent of the total crop, which is a new record both in volume and proportion of the total. Of this volume 17,336,815 boxes were oranges, grapefruit and tangerines and 2,855,182 boxes were lemons. Selling on an amount of the large volume of business and the co-operative methods employed, were only 43 cents per box, which is the lowest on record. In addition to this the exchange growers invested in advertising 24 cents for every box of oranges and 4 cents for every

It Is Time to Think of Your Winter Heating Problem

Winter will soon be with us and then comes the question of heating your home for another winter.

Fuel is going to be high this winter, and it is up to you to heat your home, which means every room, as economically as possible.

If you will let us talk to you about steam and hot water heating plants for a few minutes, we can show you where we can heat your whole house for practically the same cost as you ordinarily heat one or two rooms.

Don't wait until the weather necessitates your putting up an old dirty stove. Come to us now and let us help you plan your winter's comfort.

They Make Every Room Like Summer all Winter

With a steam or hot water heating system in your home every room will be made as warm and comfortable in winter as if it were really summer. All the dirt and muss (what little there is) is confined to one small spot in the basement. They require very little attention and are so simple that a small child can care for them.

They Are Used Throughout the World in

COTTAGES, CHURCHES—SCHOOLS

HOUSES—STORES—ETC.

We Also Install Hot Air Heating Plants

We also will figure with you on the cost of a hot air heating system. Some people prefer them to steam or hot water, but whichever system you most prefer, we will be glad to make estimates for you.

DAMAGE CASE TO JURY EARLY TODAY

James \$100,000 Damage Poisoning Case Reaches Final Stages

This morning at 9:30 o'clock the final arguments will be made in the damage suit for \$100,000 brought by Mrs. Harriet James against the Campbell Electric company, the Bowman Drug company, and others following the death of the husband of the plaintiff in April, 1916, due to poisoning.

It was alleged that Dr. James, husband of the plaintiff, had met his death through an administration of barium carbonate when he should have received barium sulphate.

The deceased was poisoning for an X-ray photographic demonstration and was given certain medicine by the representatives of the Campbell Electric company when certain other medicine should have been given, it was alleged.

The defense, through the Campbell Electric company, and the Bowman Drug company, on two different motions, asked for a non suit. Each of the motions was denied by Judge Austin.

WASHINGTON, Sept. 13.—Except for skilled mechanics, no more recruits will be accepted by the navy for probably three months. Secretary Daniels today said the navy's headroom now was well above 200,000, including reserves.

KERENSKY WINS

The important thing in the brief civil war in Russia was that somebody should win. And in the long run it is doubtless better that it was won by Kerensky. Korniloff posed as a military leader, and obviously the immediate crisis might better have been met by some Napoleon. But, in the first place, the victory of an usurper would be an invitation to the next ambitious leader to try the like process on him. In the second place, a military leader on a policy of blood and iron might have the support of the higher officers of the army, but he would not have the support of the democratic part of the private, and they have demonstrated their ability in Russia to control the army when they are sufficiently aroused to care to do so. So a Korniloff victory would probably have been the signal for new civil wars, possibly without end. Even in the event of his permanent victory, that would only have made him a Napoleon, and New Russia would later have had the task of getting rid of him. If this was the way to win the war now, it might be tolerable; but it was doubtful, even if the coup had succeeded, whether it was the way to win the war.

Kerensky, on the other hand, had apparently not been able to control the army and was not willing to use the stern methods which are necessary to restore discipline to that disorganized mob. The revolution, if it has aroused Kerensky to the need of stern steps and brought the army to a willingness to accept them from him; will have done indirect good. But the main thing is that if Kerensky can do as well as any one else his part toward winning the war, he can do infinitely better than any merely military dictator toward the reorganization of Russia after the war.

Korniloff represented the middle and upper class political reform in Russia. Kerensky is in sympathy with the more radical social reform in Russia. Some of this social reform involves agrarian rearrangements which are only possible by disregarding certain rights of property. Laws of this sort are scarcely practicable except in intervals of chaos, when property rights are in abeyance. The Russian peasants and radicals were afraid that if internal questions were postponed until after the war, settled conditions would then make impossible a radical settlement of them. In Russia more than anywhere else, confessional radicalism is just and necessary. The people will trust a government under Kerensky, or his kind, to go on and win the war now and solve the internal questions afterward. They might submit, if they must, to a government of Korniloff or his kind for the sake of winning the war, but they would be paying the price of jeopardizing the remaking of Russia afterward. There would necessarily have been one faction unwilling to pay this price. The apparent victory of Kerensky, then, especially considering that it seems to have been won quickly and easily, is a long step forward toward giving Russia a stable government now and toward using that government to solve the problem of the people, which is land poverty, labor.

JUST PRINT IT

There are many sorts of diplomacy, but the scheme of Secretary Lansing to turn the world upside down merely by giving out a story to the newspapers is one of the most ingenious and successful. Evidently there is a good secret service system which fills Secretary Lansing's pigeonholes with material for the best sort of newspaper stories. Whenever Secretary Lansing wishes something done about the subject of one of these stories all he needs to do is call in the reporters. They will do the rest. This latest story of Swedish activities in Argentina has already upset the diplomatic service of one country and practically transformed another country from neutral to belligerent. The information in Secretary Lansing's possession was, as a matter of fact, handed to the diplomatic representatives of the countries concerned. But it was handed without explanation or demand. It was also handed to the newspapers and they promptly stirred up the people of the countries concerned to make all the demands that were needed. It is one of the best pieces of publicity work and diplomacy combined that we can recall.

RIGHTS AND DUTIES

The reference to the state railroad commission, first of the Key Road strike in Oakland, and now of the United Railroads strike in San Francisco, demonstrates a new view of the rights and responsibilities in industrial disputes. The primitive view was that it was a contest between the rights of workmen and the rights of the employers. Then came the more enlightened view that there were three rights in existence—those of the employer, the employees and the general public. Now comes the final view, that there are still the same three parties—employers, employees and the public—but that each has responsibilities as well as rights.

On the two-right theory, the issue was between the right of the employee to get high wages if he could, and of the employer to hire cheap men if he could. On the three-right theory, it was the right of the employee to wages, of the employer to profits, and of the

public to service. Now comes the theory of balancing rights with duties. There is the right of the employee to a living and reasonable wage, coupled with duty of rendering service that will produce that wage. There is the right of the employer to profit, coupled with the obligation to render his duty to employees, customers and the public. And there is the right of the public to continuous service at reasonable rates, coupled with the obligation to provide the revenues to pay for that service.

This is where the railroad commission comes in. It represents the public at the side both of rights and of responsibility. The public has the right to service and rates. The railroad commission requires the one and regulates the other. But the public is the only source of the revenue to pay for wages and service. If the public demands certain service for itself, and sustains certain wages for the workers, it must charge itself with the cost. This does not always mean increased rates, but it means finding out whether existing rates are adequate, and adjusting them if necessary.

BACK TO THE SEA

It took war to drive American shipping from the seas, and now apparently another war is going to put it back again. The United States shipping board estimates that by the end of the war this nation may very likely have the largest fleet of merchant vessels of any nation in the world. The war has neutralized the tariff conditions which interfered with ship building here, and has thrust upon us an artificial pressure for ships which will become later a natural pressure and a natural supply. The American flag will once more fly the seas and American commerce will follow it to the end of the earth.

Likewise we shall no longer be embarrassed by our record in the navigation of the air. It was we who taught the world how to fly, but it was the rest of the world which proceeded to do that flying on a scale incomparably beyond anything we had undertaken. In the competition of peace we might indolently have lagged far behind. Under the necessities of war it is announced that an engine called the "Liberty engine" has been produced at least the equal of the best abroad. By the time the war is over we shall probably have better airplanes than anybody and more men competent to drive them. The history of American domination in the automobile business may repeat itself in the air. Then, with the most and best railroads, most of the automobiles, most of the ships and most of the airplanes of the world, we shall at least be in a position to get ourselves and our goods about.

WHY DO ALFALFA STACKS BURN?

BERKELEY, Cal., Sept. 12.—When alfalfa hay burns up it is not always due to someone's carelessness with fire or someone's criminal act. That there is some other cause for alfalfa fires is the conclusion which has been reached by Professor C. A. Jacobson, chemist of the Nevada Experiment Station, at Reno, Nevada. To make his investigations of value to the farmers of California, Professor Jacobson has asked co-operation in learning the names of as many people as possible who have suffered losses by fire during the past twelve months. He will pay twenty-five cents to anyone who sends the name and address of any person who has lost fifty tons or more of hay by fire during the past twelve months, provided the case has not previously been reported to him.

The University of California College of Agriculture has asked that all possible aid be given to this scientist of a sister institution, as his investigations on the extent, causes, and possible means of prevention of alfalfa hay fires in stacks or barns may result in the saving of many thousands of dollars to California.

Sheep Shearing.—Sheep shearing has already begun in some parts of the county, and in a few days quantities of wool will be shipped below. Glass and Fowler established a shearing camp in the mountains near the Glass mills for the benefit of those wishing to remain on the range late. Before going over into Nevada. The general impression seems to be that we will have early rains, but much later than the usual time. The sheep owners are prepared to shear their flocks on the plains before shearing, and will shear late. The spring shearing being unusually early, and the fall shearing late, will naturally give us a long staple and heavy clip of wool. But few sheep owners are prepared to shear their flocks on the range, and very many will avail themselves of the opportunity offered by Mr. Day here in Fresno. Ten cents a head charged for shearing in little if any more than it will cost to shear at home. Six cents a head, sack, twine, board of shearer and the hauling and loading of wool would make the cost not much less than the cents. A permanent shearing place in or near Fresno would be a great convenience to most of the sheep owners in this county, and this together with large sheds for storing and grading of wool, will eventually be established.

Over 500,000 pounds of wool will leave our depot during the month and next.

GAIN SHOWN IN BANK CLEARINGS

The bank clearings of the week indicate a steady and substantial growth in the volume of business for the Fresno section.

For the week ending yesterday, the two million mark was again approached, the record being \$1,958,523.40.

For the same period one year ago the report was \$1,613,328.53.

The return for last week was \$1,529,161.77.

SEATTLE, Wash., Sept. 13.—Shipyard workers who have been granted exemption from the army draft on industrial grounds who strike tomorrow morning in obedience to the strike call, will automatically be certified for service. It was announced late tonight by the district board and Albert Watson, chief of registration in the state of Washington. This will affect only a few of the 5,000 workers to whom the strike order has been addressed.

WASHINGTON, Sept. 13.—The value of breakfast, meat and dairy products, cotton and cotton seed and other commodities exported in the seven months ending in July aggregated \$1,007,068, 190 as compared with \$783,881,911 for the same period last year. The Department of Commerce announced today. The gross increase was nearly \$225,000,000. Breakdown of figures: Wheat and wheat products from \$157,423,395 to \$225,448,310, and mineral oils from \$12,821,818 to \$33,826,120.

HOME READING COURSE FOR CITIZEN-SOLDIERS

This course of thirty daily lessons is offered to the men selected for service in the National Army as a practical help in getting started in the right way. It is informal in tone and does not attempt to give binding rules and directions. Every American knows the causes of our war with the German government. Yet this course would be incomplete if it did not contain a brief review of the events that finally forced us into war, when at last there remained "no other means of defending our rights."

The soldier of an autocratic Kaiser may fight best when he understands least of the true meaning of the war. To tell him the facts would be to tell him that his duty as a citizen soldier of a democracy is entitled to know for what purposes he enters the struggle. He is entitled to know when he sees most clearly why he fights.

The resolution of Congress declaring a state of war April 6, 1917, expresses the immediate cause in these words: "That the German government has committed repeated acts of war against the government and the people of the United States of America." Chief among the acts of war were attacks by German submarines on American ships and on unarmed merchant ships of other nations carrying American passengers. "Vessels of every kind," said the President in his address to Congress on April 2, 1917, "whatever their flag, their character, their cargo, their destination, their errand, have been ruthlessly sent to the bottom without warning and without thought of help or mercy for those on board, the vessels of friendly neutrals along with those of belligerents. Even hospital ships and ships carrying relief to the sorely bereaved and stricken people of Belgium, though the latter were provided with safe conduct through the neutral waters of every kind, have been sunk by the same reckless lack of compassion or of principle."

There were other acts of hostility in addition to the submarine warfare. In his Flag Day address delivered at Washington on June 14, 1917, the President summed up the events that brought on war as follows: "It is plain enough how we were forced into the war. The extraordinary outrages and aggressions of the Imperial German government left us no self-respecting choice but to take up arms in defense of our rights as a free people and of our honor as a sovereign government. The military masters of Germany drove us to the point of no return. They filled our unsuspecting communities with vicious spies and conspirators and sought to corrupt the opinion of our people in their own behalf. When they found that they could not do that, their agents diligently spread sedition amongst us and sought to draw our own citizens from their allegiance—and some of these agents were men connected with the official embassy of the German government; itself here in our capital. They sought by violence to destroy our industries and arrest our commerce. They tried to lure Mexico to take up arms against us and to draw Japan into a hostile alliance with her—and that, not by indirection, but by suggestion from the foreign office in Berlin. They undoubtedly denied us the use of the high seas and repeatedly executed their death sentence on our ships and on the lives of our people who ventured to approach the coasts of Europe."

Our Liberty and Safety Involved. Yet even this list of extraordinary insults and aggressions does not tell the whole story. Our motives for war are even deeper. Not only our rights and

CRY OF ARMENIA IS TO BE HEED BY BUSINESS MEN

Committee Is Formed for Raising of Monthly Relief Fund

Mass Meeting Luncheon Is to Be Given to Start County Canvass

In the responsibility that has been thrust upon America, in the care of the starving thousands of Armenians, Fresno county's proportion, figured in dollars and cents, is given at \$3000 per month, until the ends sought are attained.

This was the statement made Sunday evening by the Rev. Dr. Charles J. Aked, commissioned to tour the West Coast section, in the interest of the international society undertaking the collection of the great fund.

At the mass meeting held Sunday evening, at the City Auditorium, pledges in the sum of \$255, monthly, and a cash offering of \$120 were received, accepted as the earnest of that which is hoped for, when the canvass of the county shall have been made.

And to the end that this canvass may be undertaken without delay, and to get in of the way before the next Liberty Loan canvass is due, steps were taken yesterday in the formation of a local body that shall give time and talent and means to the contemplated activity.

Committee Formed.

Responding to the call of William Glass, yesterday morning, E. A. Williams, Gen. L. Aynesworth, the Rev. T. T. Giffen, the Rev. M. G. Papadakis, Samuel Anderson, F. A. Homan and A. D. Wink, assembled at the office of Mr. Glass, with the result that a local committee on Armenian and Syrian relief was formed.

The committee is to consist of the business and professional men named, with the addition of J. M. Crawford and A. M. Drew. Mr. Williams was chosen as chairman and Mr. Aynesworth secretary.

This in answer to the appeal made by Dr. Aked in his address of last Sunday evening.

To Call Mass Meeting.

In order to properly launch the work of the committee, a mass meeting is to be held—rather a luncheon.

BIG AUTO DISPLAY FOR FRESNO FAIR

Twenty-two Dealers Will Have 76 Different Cars in Show

The automobile show will be one of the big drawing cards at the Fresno District Fair this year and members of the Fresno Auto Dealers' Association met last night at the Commercial Club for the purpose of making preparations to exhibit cars at the fair. The exhibit building, constructed a short time ago and laid out with the idea of accommodating the automobile show or years to come, has already outgrown its usefulness and for the show this year will be necessary for seven dealers to exhibit outside of the automobile building. At the meeting last night the dealers drew lots for inside and outside space. The automobile show will this year occupy 23,000 square feet and many of the latest models will be exhibited at the fair.

Last year fifty-three cars were exhibited at the fair and this year to date twenty-six cars have been entered. Last year the automobile association had fifteen members and this year it has twenty-two members.

George S. Waterman, E. E. Bradley and H. N. Cooper were last night named as the automobile show committee to arrange for the show at the fair.

on—at the Commercial Club on Tuesday, September 18, at which time the plans of the committee are to be unfolded and the first definite personal appeal made in the meeting of the organization that has been thrust upon this community.

In the meantime the city is to be zoned and collectors named for the zoning of each zone, these collectors to be encouraged in their work by the assurance, before taking up their duties, that the Armenian people of this section have given of their means for the benefit of their starving countrymen in the faraway homeland.

In order to make this fund of avail, the amount needed must be raised by October 1, a fact that calls for the rapid-fire work that is contemplated by the committee.

PLAN DETAILS FOR SYMPHONY CONCERTS

Wait Larger Organization; Committee to Ask for Financial Backing

Details for the coming season for the Fresno Symphony Association were discussed last night at a meeting at the Hotel Fresno, and a committee was named to work out a plan for a larger organization and to devise ways and means for securing financial backing for the year. The committee will make a report in not more than a week, and then active plans will be undertaken for the four concerts at the White theater for this season. The committee is composed of E. A. Williams, A. C. Wishon, V. Flanders, Seichel, M. E. McCormick and Earl Towner.

Chester H. Rowell, president of the association, presided at last night's meeting. He outlined the work of last year and declared that the success of the half season had demonstrated that the association had passed from the experimental stage and was nearly a success in a business way. Mr. Rowell said that he expected the association to reach out on a larger scale for the coming season, and he also suggested a series of popular concerts at the civic auditorium to provide amusement in the winter, the same as the band concerts in the summer.

Seichel suggested that doubtless business men of the city would support the association, and the committee was named to confer with the merchants and see what may be secured in the way of financial backing.

Officers were not elected last night.

FRESNAN TELLS OF LIFE AT PRESIDIO

Great Transformation Has Taken Place at Fair Grounds

An interesting little story of life at the Presidio, San Francisco, where many Fresno boys are now stationed with various army units, is told by Private Charles Silvers of the Provisional Ambulance Company A, in a letter to The Republican. He writes:

"I know the folks at home would be very much surprised if they were to come out to the Panama-Pacific Exposition grounds and see what changes have taken place since the fair. Our outfit and the Field Hospital Company A are camped in the Japanese Tea Garden. Another ambulance company is in the Slum building. Between the Palace of Fine Arts and the race track all that can be seen now are soldiers of all branches of the service, barracks, storehouses, field guns, hospitals and camps of all descriptions.

"Where once was the beautiful fair, with all its pleasures and happiness, there is now the grim visage of war, with stern commands, drills and guard duty. The boys are all on edge from morning to night, waiting for the order that will start them on that journey that means happiness and freedom in Europe. When that day comes these boys and their officers will all give good accounts of themselves and make those at home proud of the land they live in and of the men who went to the front.

"M. C. A. Doing Great Work.

"We have the Y. M. C. A. here in every camp, and it is certainly doing a great work. The San Francisco churches also are doing a good work and are giving all sorts of entertainments for the boys in uniform almost every night. They also offer a place to go in leisure hours, which is certainly appreciated when one is away from all the war ones.

"We may be here a day and we may be here all winter, as we don't know a thing about when or where we go until about twenty-four hours before we leave. Tension is at a high pitch, and whenever a unit leaves those left behind crowd up to bid farewell and envy the luck of those departing.

"We have excellent food three times a day, lots of hard work, fresh air, fog and also idle moments, in which the most of the boys study, write letters, read, enjoy themselves generally. Boxing, baseball and football are also engaged in to great degree.

"We certainly have a fine lot of commissioned and non-commissioned officers and a fine personnel among the men. I don't believe there is a man here who would go back to his civilian clothes if he could while this emergency is on. All the boys are well and happy and are getting healthier, fatter and harder every day. Nearly all the

NEW FOOT REMEDY CAUSES BIG RUN ON DRUG STORES

Since the virtues of Ice-Mint as a foot remedy became known in this country, drug stores have been having an extraordinary demand for this product, as it seems to be the only thing that effectually overcomes the evils of modern foot-rot.

The fact that this discovery which is made from a Japanese product will actually remove corns—roots and all—without the slightest pain or soreness is of course mainly responsible for its large and increasing sale.

Ice-Mint is very easy to use. You simply apply a little on a tender, itching corn or callus and instantly the soreness is relieved and soon the corn or callus is so shriveled that it may be lifted off easily with the fingers—roots and all—leaving the surrounding skin in normal, healthy condition.

In minor cases of foot troubles, such as tender, tired, swollen, itching, burning feet, a foot of Ice-Mint will do the trick. In more serious cases, such as corns, blisters, or itchy, inflamed skin, it imparts such a soothing, refreshing feeling to the feet that it has become very popular with ladies who wear high heel shoes and with men who have to stand on their feet all day. If you want to know what real foot comfort is just ask in any drug store for a small jar of Ice-Mint, which will cost you little yet is sufficient to rid once of every corn or callus and put them in fine condition. You'll like it immensely.

DIET FOR BRIGHT'S DISEASE.

We are far from knowing as much about Bright's disease as we do about diabetes. Fortunately, we are laying the foundation for a line of procedure. In the meanwhile some physicians are using a line of diet outlined by Chace and Rose and other authorities who participated in a discussion held at the last meeting of the American Medical association.

At the onset of Bright's disease or in the face of any emergency arising during its course the diet should be limited to:

Juice of one lemon.
Two-thirds cup of water.
Six tablespoons of milk sugar or one tablespoon of cane sugar.
Served four times a day.

This furnishes 3,424 calories. It contains no protein. It tends to make blood and urine alkaline, and it is fairly rich in iron. After a few days of this diet it can be assumed that the system has rid itself of the greater part of the excess of protein waste and a more sustaining diet can be taken.

Breakfast
Ten ounces banana.
Three ounces cream.
Six ounces cocoa.

Lunch
Six ounces cream soup.
Ten ounces banana.
Six ounces milk.

Dinner
Ten ounces banana.
Three ounces cream.
Six ounces cocoa.

This diet furnishes 1,585 calories, a little more than an ounce of protein, and tends to make the blood and urine alkaline.

Banana is excellent food. It contains a lot of calories, not very much protein, and tends to produce alkalinity. If well chewed, well ripened bananas are easily digested. If the bananas are not well ripened they can be cooked, in which state they are both palatable and easily digestible. To supply the deficiency in lime, banana can be eaten with milk.

After a few days it is advisable to change the diet to one that is more nutritious and contains more iron. Two sample menus for a case of ordinary Bright's disease, without much albumen in the urine, are:

Breakfast—Half an orange, six ounces oatmeal, one slice buttered toast, one and two-thirds ounces milk.
Luncheon—Cream of asparagus soup, six ounces; baked potato, mashed and buttered (one ounce butter); six ounces green vegetable (spinach is best); milk, six ounces.

Dinner—Ripe banana, 13 ounces; milk, eight ounces; cornstarch blanc mange, six ounces; cream, one and two-thirds ounces; bread and butter, one ounce; cocoa, seven ounces.

Between meals, one slice buttered toast and six ounces cocoa.

This diet gives 2,348 calories, nearly two ounces protein, a rich supply of iron, and tends to make the urine and blood alkaline. Diet No. 2:

Breakfast—Cream of wheat, five ounces; banana, seven ounces; bread and butter, one ounce; cream, three and one-third ounces.

Luncheon—Cream of celery soup, seven ounces; baked potato, seven ounces; butter, one tablespoonful; liberal portion of spinach; cocoa (one-half milk), seven ounces.

Supper—Banana, thirteen ounces; steamed rice, three and one-third ounces; milk, six and two-thirds ounces.

This diet furnishes 2,035 calories, about one and one-third protein, a good supply of iron, and tends to make the urine and blood alkaline.

Chace and Rose say that the essentials of a diet for Bright's disease when the amount of albumen in the urine is not large are:

1. A small proportion of protein or albumen.
2. The food must agree and must be easily digested.

3. The diet must contain enough calories.

4. The bulk of the calories must be supplied by starches and sugars. There must be a fair intake of fat.

5. The amount of iron in the diet must be considerable (in excess of one-fourth grain).

Bar is infected
M. W. H. writes: "Several months ago I felt as if I had gotten water in my ear, although it cannot be water; still it has the same feeling. A week ago I grew deaf, and now my ear is discharging. There is no pain, only an unpleasant feeling at times, a sort of pumping in the head. What has caused this? Is it serious enough to consult a physician, or can you suggest a remedy?"

REPLY
You have an infection of some part of your deeper ear. Probably the infection reached your ear from your throat. This reached your ear from your throat. This should have attention from a physician of experience in ear troubles.

No Effect on Babies
D. J. J. writes: "I enclose you three repulsive pictures that were cut out of the National Newspaper and will ask if you don't think that such pictures may bring deformed children into the world, and if so whether the government could not prohibit them from the mails."

REPLY
You are unnecessarily disturbed. No mother can influence the shape or size or other characteristics of her unborn babe by looking at any picture, pleasant or unpleasant. Were it otherwise babies would be regular kaleidoscopes.

California Oil

BIG INCREASE SHOWN IN EXPORTS OF OIL; VALUES SHOW INCREASE

SAN FRANCISCO, Sept. 13.—Exports of oil during twelve months ended June 30, 1917, show increases in both quantity and value over the preceding twelve month period. Increases in value were proportionately greater than the increases in quantity. The most noteworthy increases were those in exports of gasoline and naphtha, which increased 4 per cent in quantity and 32 per cent in value.

The following table shows quantity and value of petroleum and its products during the year ended June 30, as compared with the previous year, and the approximate percentages of increase in quantities and values:

Quantities in thousands of barrels; values in millions of dollars.

Crude oil, 1917, 1,211,143; 1916, 1,141,143; increase, 6.1 per cent.

Gasoline, 1917, 1,211,143; 1916, 1,141,143; increase, 6.1 per cent.

Naphtha, 1917, 1,211,143; 1916, 1,141,143; increase, 6.1 per cent.

Other petroleum products, 1917, 1,211,143; 1916, 1,141,143; increase, 6.1 per cent.

Total, 1917, 1,211,143; 1916, 1,141,143; increase, 6.1 per cent.

DUSTIN FARNUM, LIBERTY

Musical Comedy Opens at Plaza Sunday

AT LIBERTY

From an outflow with a price on his head to a 100 per cent citizen is the character portrayed by Dustin Farnum in the musical comedy, "Durand of the Badlands," to be shown at the Liberty theater for two days, Friday and Saturday.

In this screen drama Mr. Farnum shows all the while energy for which he is so well known. His portrayal of the bad side of Dick Durand's character is the best he has done and he shows the man's softer, nobler instincts with that carefree, rollicking, laughing disposition that has made him a favorite wherever he has appeared. Mr. Farnum's boyhood life on a farm comes in handy to him in this picture—milk cows particularly. Although his aim is bad in trying to bring producer and consumer together, as you can see in the picture. Supporting Dustin Farnum is that star in his own right, Tom Mix. You can well imagine that this pair make a picture well worth seeing. With them to live up the program in our friend, Lonesome Luke. In his latest comedy, "Stop, Luke, Listen," and the well known Pathe Weekly.

BABE LEWIS PLAZA SUNDAY

Alice (Babe) Lewis, who claims the distinction of being the youngest character comedienne on the American stage, has some radical views upon the fads and follies of her sex.

Character roles are usually reserved for the animated leading women after beauty has faded and her charms a thing of yesterday, or the talented young ladies devoid of comeliness, but for an actress in the full bloom of her early twenties of decided beauty and a figure of Venus, possessing a prima donna voice and with a finished artist, to elect to hide her attractiveness behind a mask of grotesque lines, and bizarre character, required more than usual courage.

Babe Lewis, as she is familiarly known, ever since she first essayed to appear upon the stage at the age of 1 month in the role of a live "baby," decided to forsake the sweet and girlish ingenue roles with which she has been identified for years, when she realized that "straight" parts did not give her voice of humor its proper opportunity, for while there are many ingenues equal to clever, she knew she stood alone in her adopted branch. So facing the libel and ridicule of her professional friends she decided to appear as recently as last month for the first time as a character lady at the Majestic theater in San Francisco.

That she succeeded is testified to by the fact that after her first performance three managers were vying with each other for her services, but she decided to accept the offer of Will King and so Fresno will be given an opportunity to see the young star when the King company opens at the Plaza Aldome next Sunday.

Also in the support of Will King is Reece Gardner, who personifies youth and energy. He is destined to become a big favorite. Will Hayes, Jack Wren, Clair Storr and Laura Vail are each said to be excellent in their respective lines, while the chorus is the prettiest and cleverest in the west.

LAND SHOW EXHIBIT LACKING IN CASH AND MATERIALS

Commercial Club to Make an Effort to Finance Big Advertising Feature

If Valley Counties Exhibit Is Available Club Plans to Be Effective

Fresno county's participation in the Land Show, to be held at San Francisco during the month of October, is still in doubt, according to E. A. Williams, president of the Commercial Club, who went north last evening to confer with the Land Show management.

It seems that the appeal to the Fresno county supervisors was without avail and that the Chamber of Commerce has been unable to find the funds necessary to make the exhibit effective.

The expense of installation and of maintenance during the show period is estimated at about \$1200, an expenditure regarded by the advocates of the undertaking as small in comparison with the advertising value of the county representation.

Other than have no exhibit, the Commercial Club of Fresno, states its willingness to bear the entire expense if the responsibility is turned over to the club, and it becomes possible to secure the San Francisco Valley Counties Association exhibit now held at San Francisco, practically stored at the civic auditorium.

It is with this thought in view that Mr. Williams goes to San Francisco with the hope of making arrangements for this exhibit, assured of the necessary funds for installation in the event of his success.

SAWTELLE WANTS \$50 FROM LOCAL MOTORIST

From the sheriff's office comes the information that the sheriff has received a bench warrant from the recorder at Sawtelle, for the arrest of E. A. Webb of Reedley, who was fined \$50 for alleged automobile speeding in Sawtelle on August 7.

The recorder tells the sheriff that if he will collect the \$50 from Webb and forward it to Sawtelle, Webb can go free; otherwise he will ask the sheriff to arrest Webb and hold him until and officer comes from Sawtelle to take Webb to Sawtelle.

Webb says that he appealed the case immediately after he had been fined \$50 by the Sawtelle judge. Also, Webb contends, he was not violating the law, as was within his rights, when he says he can prove by the man who was motoring behind him at the time, Attorney H. E. Dwelle, has taken charge of the case for Webb.

It is certain to appeal alike to one and another.

WARNER CLUB GIRLS TO REVIEW CAMP LIFE

The Young Women's Christian association girls will hold their first 1917 Camp Review meeting tomorrow night at the club rooms of the association. An excellent social meeting is promised, and there will be many plans considered for the activities of the club for the winter.

The Camp Review is the organization which includes the girls who attend the Y. W. C. A. summer camp. The meeting is intended principally to recall the good times enjoyed by the girls last summer and to plan some more good times for the winter season.

The arrangements are in the hands of the 1916 Warner club and all members of the 1916 and 1917 aggregations are invited.

A variety program of entertaining features will be presented including Miss Nellie Ireland in songs and Mrs. Edith McLeish in readings.

During the time the refreshments are served the club members will look over the snap shots taken last summer of Camp Warner and vicinity.

Members are requested by the president to bring all such pictures and share them with those present.

ISSUE PERMIT TO REMODEL THEATER

Work will start soon on remodeling the front and the entrance to the Warner Theater, which has been leased from L. L. Cory by the Hippodrome circuit. A permit was issued yesterday to Emmet Higgins to do the work and it is estimated that the cost will be \$17,880. An entire new front will be put in and the steps taken to improve the entrance so that the lobby may be reached on an incline.

NATIVE DAUGHTERS MEET

Fresno parlor No. 187 N. D. G. W. will hold a regular meeting tonight and all members are urged to be present as important business will be brought before the parlor.

The knitting continues to be popular with the members of the parlor and sister Mary Aubrey will be presented with the prize which was offered to the member knitting the first bandage for the Red Cross Society.

SEVEN COUPLES ASK COURTS FOR FREEDOM

Making a record for the last thirty years for the number of divorce suits filed in one day, seven couples put their troubles up to the superior court for solution yesterday, besides one suit for separate maintenance.

Principals in the actions are as follows: Amey V. Bull against Ben Bull, Sirelda C. Gould against Simon Gould, Carl W. Machen against Maude M. Machen, Ruby C. Pratt against Frederick F. Pratt, Maude L. Wines against George N. Wines, Edward Schlotthauer against Mary Schlotthauer and Sarah A. Mullens against John W. Mullens. Minnie Jain alleges that her husband, Roy Z. Jain, has abandoned her and she asks for separate maintenance. The complaint alleges he is earning \$125 a month.

COMPEL BELGIANS TO WORK ON DEFENSES

HAVRE, Sept. 13.—The removal of the civilian population of Belgium continues, according to advices received here. The town of Roulers, immediately behind the battle line in Flanders, has been evacuated completely. Ostend is being emptied gradually and 2000 persons already have been sent from Courtrai. Many of the inhabitants of Berlaer have been taken forcibly to Turcoing to work on the defenses. All the inhabitants of Sledinge, Flanders, rich and poor alike, have been made to work on military roads.

METAL EXPORTS

WASHINGTON, Sept. 13.—Exports of American tin plate, terne plate and Taggers tin in the fiscal year just ended, totaled \$21,881,390 pounds, valued at \$28,404,433, compared with \$16,257,473 pounds, valued at \$18,703,733 the previous year. In 1916 only 20,827 pounds of tin plate were exported.

News From Central California

MERCED GROWERS REAP BIG HARVEST

Yield of Figs Is Heavy and Prices Continue to Remain High

MERCED, Sept. 13.—Fruit growers of Merced county continue to enjoy the profits of a successful marketing season in a year of heavy production. The harvest of the California fig crop in local orchards is now beginning, while the white Adriatic figs are about half gathered. Practically all the crop is sold by contract, with 1 1/4 cents per pound being paid for the California, and 2 cents per pound for the Adriatic. An examination of the fig yield here made a few days ago by Professor J. J. Condit, fig expert from the University of California, brought forth the statement that although about 20 per cent of the figs are damaged by splitting, the mercedized ones, which are sold daily, are of a higher quality than any other orchards of the state.

The peach cutting season is about ended, and will close this week with a heavier tonnage of fruit dried this year than in 1916, and with prices this year being 7 and 7 1/2 cents per pound, against 5 and 6 cents twelve months ago.

The shipment of wine grapes from Atwater commenced this week, two cars of twenty-five tons, each now going to the market. The wine grapes are being shipped each day from Atwater, and from one to two cars daily leaving Livingston. Table grapes are leaving Atwater at the rate of four carloads daily. The shipment of peaches from Atwater is proceeding at the rate of 10 carloads daily, and sweet potatoes continue to be exported from both Atwater and Livingston at the aggregate rate of six cars per day.

The canning plant of the Sunlit Fruit company at Atwater is operating on peaches, and indications being that the packing of this variety will be completed in a week or ten days more, after which the cannery will begin to work on tomatoes, and later on sweet potatoes.

Corcoran Alfalfa Is in Heavy Demand in The Larger Cities

Yield of Figs Is Heavy and Prices Continue to Remain High

CORCORAN, Sept. 13.—Alfalfa hay is now in great demand from Los Angeles and San Francisco dealers, paying \$17 a ton. Corcoran, and taking all they can get at the price. Barley hay is bringing \$10 a ton here. Local alfalfa growers are expecting the price to go above \$20 before Christmas. G. A. Smith, one of the biggest hay growers, has 1800 tons in one stack. The big J. W. Gulerson company, which has about 3000 acres in alfalfa four miles west of Corcoran, has thousands of tons in stacks and is shipping out considerable now over the Kings Lake Shore road, which built a siding on the Gulerson ranch this week. However, most of the hay on the place will be reserved for feeding many hundred head of dairy and beef stock and hogs.

BAKERSFIELD, Sept. 13.—Leslie G. Helm, aged 63 years, a native of St. Helena, Cal., died at his home, 2440 E. Main street, Tuesday, Sept. 12, after a long illness. He was engaged in mercantile business in Waukegan, Ill., and was a resident of Bakersfield for many years.

7:30 p. m. Street dance.

It is expected that the picnic, which is an innovation in this county, will draw a tremendous crowd. Many of the farmers with their families are planning to attend the picnic, and many of the city people are expected to attend.

The picnic is being held on the occasion of the first annual farm picnic, which will be held in Court House Park, under auspices of the county farm bureau in celebration of the close of harvest.

Many other features will mark the day, the tentative program being as follows:

10 a. m. Parade of farm centers.

10:30 a. m. Meeting of farm centers.

11:45 a. m. Meeting of farm centers.

1 p. m. Regular annual meeting of the county farm bureau, for election of officers, and addresses by speakers.

2:30 p. m. Tractor demonstration; home canning demonstration; free motion picture show; baseball game.

MODESTO OFFICIAL RESIGNS HIS POST

L. T. Moss Is Succeeded as Commissioner by John D. Turner; Adopt Budget

MODESTO, Sept. 13.—L. T. Moss, commissioner of revenue and finance, resigned his position on the city council at a meeting of that body last night, giving as his reason personal business which will not allow him to give his time to the city's business. John D. Turner was appointed by the council to succeed him. Mr. Moss was commended by other members of the council for his activity on behalf of the city.

The council adopted the budget for the ensuing year providing for a tax rate of \$1.50, divided as follows: General fund \$1, bond interest and redemption fund 43 cents, library fund 17 cents.

The council donated \$200 for equipment of Modesto home guards and will probably give more if it is needed. The guards have raised \$150. An appropriation of \$200 was voted for the U. S. E. C. convention to be held here October 11. Several thousand visitors are expected that time.

The resignation of Judge N. A. Hawkins as a member of the city planning commission was accepted.

MACHINE GUN TROOP MEN STAR Win All But One Event in Big Swimming Meet

These men made it possible for the machine gun troop to win the swimming events at Coronado. Reading from left to right, they are: Tilden, Rainie, Everts, Bartlett, Forsyth, Mann.

CAMP REARNEY, Sept. 13.—The team entered by the Marine Machine Gun Troop in the aquatic sports at Coronado on Wednesday won the meet with flying colors with only three exceptions. The six men chosen by Lieutenant Toomey to represent the troop won every event except the 220 yard swim from a large number of competitors from the various military organizations around San Diego.

The features of the meet were Everts' fast time in the 50 yards dash, 22 seconds, Bartlett's perfect score on the high dive, and Tilden's work on the sunbather. Captain Stephenson allowed half of the men to leave camp, and they were all out to sea for the team. The men selected for

the meet were Lieutenant Everts, Bartlett, Tilden, Forsyth, Mann and Rainie. The results follow:

50 yards dash—Everts, Center, Forsyth.

100 yards swim—Everts, Center, Everts.

220 yards swim—Center, Tilden, Mann.

300 foot dive—Bartlett, Mann, Center.

Springboard—Tilden, Mann, Center.

Center is from the Marine radio station at "Hull's Heights" and Everts from the Reserve Officers' Training Camp.

Next in line were the five best boxers, as follows: Bert Lench and "Long Round" Coffey fought a

fast four-round draw and each received a wrist watch. Both boys are well known around Fresno and are with the Machine Gun Troop. Jap Romero, San Diego newsboy, and Chris George from the Dreamland Athletic Club, fought four rounds with no decision. Josephine, Company K, 21st Infantry, won from Furber, M. G. 21st Infantry, Sailor Detrosky and Jack Shepherd, a marine, fought a draw. "Battling Nick" of San Diego lost a fast bout to Chris George. Harry Woodbury of the Dreamland Athletic Club was the third man in the ring, and "Shorty" Boxers of the 21st Infantry was the announcer.

The first infantry band gave a concert and the day was finished with a dance for enlisted men only.

ST. PAUL NOW LEADS AMERICAN ASSOCIATION

CHICAGO, Sept. 13.—The three-cornered race for the American association pennant showed a new alignment today. St. Paul going into first place as a result of five to one victory over Louisville, while Indianapolis, which had led from the start of the season, was hit.

St. Paul now has a lead of half a game over Indianapolis while Louisville, in third place, is a game behind the Hunter club. The season does not close until next Wednesday.

Grand Rapids Wins Inter-League Title

PEORIA, Ill., Sept. 13.—Grand Rapids, champions of the Central League, won the post season series from Peoria, 3 to 1, today, taking the series. The game today, 8 to 2, Grand Rapids took the last four in a row.

Two Games Are Added To Red Sox Schedule

CHICAGO, Sept. 13.—The schedule of the Boston Americans was lengthened by two games tonight when President Johnson of the American league gave permission for the playing of two postponed games. One of these games was scheduled at Washington and the other at Detroit. The Chicago Americans have sixteen games to play in their drive for the pennant, which is being closely contested by the Red Sox.

Sheely Is Granted Temporary Discharge

SPOKANE, Wash., Sept. 13.—Earl H. Sheely, first baseman of the Salt Lake club of the Pacific Coast league, according to a decision of the local exemption board, will not have to report for the national army until some time next month. Sheely is among the first 100 men selected for service and would have been obliged to go to camp next week.

Governor Ernest Lister of Washington asked the local exemption board to spare Sheely to the Salt Lake team until the Pacific Coast championship was decided. Governor Lister, it is reported, acted on the request of Governor Simon Bamberger of Utah.

Nick Davis Court Is After Match Here

Nick Davis court, champion heavyweight wrestler of the northwest, wants to meet Anna Joseph or Konstantine Romanoff in Fresno some time before the first of October, if possible, he writes the Republican. Davis is now in Sacramento viewing the state fair. He says he has been training for the next six months and expects to meet Stecher or Cusack for the championship this winter.

METHODIST PASTORS HEAR ADDRESS AT CONFERENCE

Chautauqua Lecturer
Gives Experiences
Noted on Tour

Large Attendance of
Pastors From All
Parts of Valley

An address on "National and Spiritual Observations from the Chautauqua Platform" by Rev. Walter C. Buckner, pastor of the First Methodist church at Tulare, was the principal item on the program at the conference of Methodist ministers of the San Joaquin Valley held yesterday at the First Methodist church. There was a large attendance of ministers from every part of the valley.

Rev. Buckner has just returned from a four months' tour on a chautauqua circuit, and his address was based on his experiences as a lecturer. Several speakers at the conclusion of the address voiced the appreciation of the members on the thoughtful and eloquent address they had listened to.

In the course of his remarks Rev.

CHRISTIAN ENDEAVOR ENTERTAINS GUEST

State Hospital Superintendent Her-
ring of the Christian Endeavor Union
will be the guest of local Endeavorers
tonight while on a tour of the state
in the interests of the union.

At 8 o'clock he will talk to the officers and superintendents of the city and county C. E. unions, and at 9 o'clock a general conference and rally will be held at the First Baptist church.

Buckner drew attention to the relationship of the churches and the social movements of the time, and expressed a hope for a closer bond between civic and social movements and the churches for their mutual benefit. He also remarked on the duties of the churches during the present war. While they were followers of the Prince of Peace, he said, it was necessary sometimes to fight in order to establish peace. In the present war, he continued, principles were involved which should have the whole-hearted support of the churches.

The pastors present were: Dr. John Oliver, Rev. Will A. Betts, chairman; Rev. J. H. Hodges, Rev. W. C. Buckner, Tulare; Rev. George A. Warner, Lindsey; Rev. W. H. Hull, Hanford; Rev. Powell, Armona; Rev. McClearen, Dinubai; Rev. W. L. Dexter, Fresno; Rev. Mark Hodgson, Fresno; Rev. L. A. Rice, Sanger; Rev. Taylor, Kings River; Rev. Harrison, Visalia; Rev. Carroll, Visalia; Rev. A. Smith, Patterson; Rev. Burton Hamilton, Clovis; Rev. Wilkins, Easton; and Rev. Fuller, Fresno.

NEED TWENTY MEN TO FILL RANKS OF GUN TROOP

Only Few Days Remain
in Which Fresnans
May Enlist

Boys Rapidly Rounding
Into Shape and Make
Fine Showing

(Special to The Republican.)
CAMP KEARNY, Sept. 13.—There are still twenty vacancies in the Fresno machine gun troop, and unless they are filled by voluntary enlistments from Fresno within the next few days we will receive our new members from the draft army, according to a statement by Captain Stephenson this afternoon. Now it is up to the men at home to keep the troop just like we started, the regular army recruiting office and enlist for the first separate squadron, California cavalry, and upon reaching Camp Kearny you will be assigned to our troop. Just let us know when you start and the troop will meet the train and escort you to our camp.

We have been drilling daily and furnishing our quota for guard mounts and the various fatigue duties connected with camp life. The boys are rapidly rounding into condition and Captain Stephenson is greatly pleased with the showing made by our troop in the work.

The troop lined up this afternoon and marched to the hospital for the second inoculation of paratyphoid. We were vaccinated at the same time and most of us have the usual sore arm tonight. We will get forty-eight hours rest though and will all be O. K. again by the time drill commences.

Trooper Bomer was discharged from the hospital today, and we are all glad to hear him answer roll call again. He reports the best of treatment during his sojourn there.

Our cook, C. E. Burke, reported on the sick list last Sunday with rheumatism and was sent to the hospital. He is doing very nicely and will soon be with us again.

Mrs. J. T. Stephenson and children, Mary and Fresno, are visiting Captain Stephenson. They have taken a cottage at La Jolla, where they will remain until school opens. Master Fresno has decided to be a soldier and is staying at the camp with his father.

Mr. and Mrs. James Madison and daughter, Miss Onida, and Miss Dorothy Forsey are here visiting Lieutenant Madison. They are staying at the U. S. Grant hotel, and are daily visitors at the camp.

RAINEY'S FOX TROT STOPPED BY POLICE IN FRESNO PLOTTERS!

Anyway It's Publicity,
So Commercial Club
Should Care

This from last evening's San Francisco Call:

When Edward J. Rainey, secretary to Mayor James Rolph, Jr., fox trotted in Fresno during the celebration of "boom day" there Tuesday the police stepped in and called a halt.

"We don't stand for that kind of stuff here," said a big policeman gruffly, as he laid a heavy hand on Rainey's shoulder.

The San Francisco man calmly slipped a hand in his vest pocket and drew forth a big star on which was inscribed:

"Special Police Officer, San Francisco."

"Does that go here?" asked Rainey.

"It sure does," responded the Fresno policeman. "Proceed."

Rainey finished his dance with his partner, who had been introduced to him as "Fresno's champion stepper."

When Rainey caught sight of the grinning face of Theodore J. Roche, president of the police commission; John Gallagher, San Francisco's new coroner; Fire Commissioner Frank Bykes and Secretary Frank Kennedy of the fire commission, who had accompanied him to Fresno, he realized he was a victim of a deep laid plot.

LABOR COMMITTEES DISCUSS USE ZONE

Planning Commission
Meets Today With Joint
Civic Representatives

Committees from the Building Trades Council and the Labor Council met tonight conferred with members of the city planning commission and generally expressed themselves as being in favor of the plan to district the city into use zones. The different zones were discussed, and the commission will consider suggestions made by the committees.

This afternoon the planning commissioners will meet with a joint committee from the Merchants Association and the Chamber of Commerce.

Tonight, a meeting of the general citizens' advisory committee, headed by M. P. McCormick, will be held in the city hall.

The planning commission will meet tomorrow for the first time with L. R. Payne in attendance. It is announced that a few minor changes in the boundaries of the industrial district will be considered.

It is said that it will be at least another month before the ordinance is ready to be presented to the city council.

BOARD OF EDUCATION ORDERS FURNITURE

Bid for Chairs and Desks
Are Considered and
Awards Made

The Fresno city board of education met last night to pass upon bids for supplying furniture to the schools for the ensuing year.

The order for 372 folding chairs was awarded to D. H. Williams of Fresno, and the order to supply 393 open chairs was given to the Fresno Sales Company. The W. C. Harvey Company was awarded the order to supply 50 commercial desks.

A report on the finances of Columbia and Lincoln schools was taken under advisement after some discussion.

Supplies are now being sent out to the various schools throughout the city. A plentiful supply has been in use and it is not expected that there will be a shortage during the school year.

CAMP WARNER GIRLS GIVE MUSIC PROGRAM

A program of music and readings will be the feature of the Camp Warner reunion at the Y. W. C. A. rooms tomorrow evening. During the evening the camp song will be sung by all the girls, a vocal solo will be given by Miss Nellie Ireland, a reading by Mrs. Edith D. McCallan, and a violin solo by Kleiser Hollister, of Madera.

Hundreds of Women's Practical Suits are Ready

\$15, \$18.95, \$25.00 to \$60.00

—Coats are mostly finger-tip length, though some fall below the knee, and they are mostly very straight in line. Some are pleated, some belted and buckled. Some of the loose box style. Occasionally there is a cozy fur collar.

—Skirts are very simple and straight, with pockets which are frankly just useful and pretty and not in any way extreme.

—Materials are the soft Velours, Broadcloths, sturdy Gabardines, Poplins, Tricotine, Burella and Gunnywale.

—Colors are green, brown, black and navy, of course, gray and taupe.

—The best values, in suits, without a question, in the City of Fresno.

Special Values in Silk Waists—\$3.95

—Georgette and crepe de chine waists in the newest of style features will be shown today for the first time. Included are white and flesh and the new suit shades. Select your waist now.

Announcement To WINE GRAPE GROWERS

A pool has been formed by a number of Wine Grape Growers in the San Joaquin Valley to secure uniform prices for the various varieties of Wine Grapes including 2nd crops for delivery to the Wineries.

By co-operating we can eliminate long hauling by consolidating carloads at various shipping points and co-operate on picking.

All growers are invited to list their crops with the pool for immediate sale.

BIG CHECK FOR RED CROSS BOYS

One Hundred and Forty-five Dollars Gathered Up in Three Week Canvass

Yesterday the Red Cross old newspaper scouts were again made happy by the realization in the form of a check that their labor for the previous week had not been in vain.

Early and late, the little fellows have served for the men in the trenches, knocking at the doors of the city where the good people had, by phone, indicated that a friendly welcome—and a bunch of old papers—was awaiting their coming, and as a return for their selfless service, Mr. Kear of the California Paper and Board Mills, sent a check to Miss Huffman for \$148.25.

This makes \$145.93. Miss Huffman has been enabled to turn in to the Red Cross treasury as a result of the loyal co-operation of her bunch of faithful assistants.

The boys are still at work, and any address phoned Miss Huffman—1695-W—will be turned over to the boys for expert attention.

THREE MEN ENLIST IN ARMY FORCES

Men Rejected by Local Boards; Also Aliens May Enlist

The army secured three enlistments at the recruiting office at 1023 I street yesterday. The accepted men were: Jack F. Tompkins, cavalry, N. G. C.; Jacob W. Burke, medical department, and James F. Hawthorn, infantry.

Information was received from headquarters yesterday that men registered under the selective service law who have been called for examination and been rejected by their local boards because of physical defects, or who have been exempted under the rules and regulations prescribed by the president for the government of local boards, and resident aliens registered and drafted who have not yet taken out their first papers, and who have claimed, or may claim exemption, and who have thereupon been discharged by local boards, are eligible for voluntary enlistment.

Applicants who have been exempted because of their industrial occupation will not be accepted.
